

POST DOCTORAL FELLOWSHIP (PDF)

in Mathematics

The Department of Mathematics, SRM University-AP, invites applications for Postdoctoral Fellowships from highly motivated researchers in pure and applied mathematics.

This programme offers a stimulating research environment with world-class facilities, faculty collaboration opportunities, and access to cutting-edge resources.

Applications are accepted year-round, with selections made on a rolling basis.

ROLES & RESPONSIBILITIES

- Conduct **independent** and **original research** in theoretical, analytical, experimental, or applied mathematics.
- Prepare and submit **research grant proposals** under faculty guidance.
- **Mentor** junior researchers and Ph.D. scholars, fostering academic growth.
- Assist in **research-based teaching** at undergraduate and postgraduate levels.
- **Publish high-impact research** in reputed journals and present findings at leading conferences.
- Contribute to **technology transfer and commercialisation** through patents and innovations.

FELLOWSHIP DETAILS

- **Year 1: Rs. 58,000/-** per month + **House Rent Allowance (HRA)** as per university norms.
- **Year 2: Rs. 61,000/-** per month + HRA. Fellowship continues if the candidate **publishes one paper** in **Q1 or Q2** journals as the first or corresponding author.
- **For candidates awaiting Ph.D. award: Rs. 41,000/-** per month + HRA until the degree is conferred.

APPLICATION PROCEDURE

Interested candidates must apply via email. The application package should include:

- **Cover Letter** outlining research interests and motivation.
- **Prospective Faculty Host:** A faculty member from the department willing to mentor the applicant.
- **Curriculum Vitae (CV)** detailing academic achievements, research experience, and publications.
- **List of Publications** highlighting recent and impactful research contributions.
- **Two Recommendation Letters** (to be sent directly by referees, not the applicant).

WHY JOIN SRM UNIVERSITY-AP?

- World-class research environment & collaboration opportunities
- Access to cutting-edge resources & computational facilities
- Strong career advancement prospects in academia & industry
- Support for publications, conferences, and research funding

SRM
UNIVERSITY AP
Andhra Pradesh

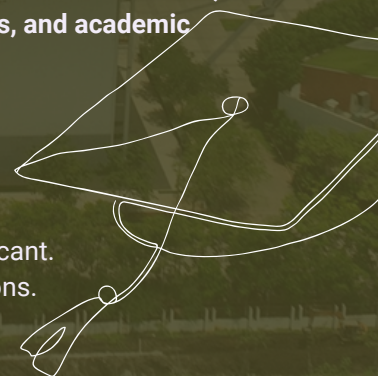

ELIGIBILITY CRITERIA

- **Ph.D. in Mathematics** (awarded or thesis submitted) from a recognised institution.
- **Strong research credentials**, demonstrated through publications in high-quality journals.
- Open to **all areas of mathematics**; candidates with **exceptional research potential** are encouraged to apply.
- **Prior postdoctoral or teaching experience** is desirable but not mandatory.
- **Age Limit:** Preferably **under 35 years** (relaxation for outstanding candidates).

BENEFITS

- **House Rent Allowance (HRA)** for fellows without university accommodation.
- Fellows opting for **university accommodation** will have subsidised fees for housing, food, and transportation.
- **Publication incentives** as per university norms.
- Access to **state-of-the-art research facilities, international collaborations, and academic conferences.**
